

Me at Mealtimes

A book to help you talk about eating,
drinking and swallowing

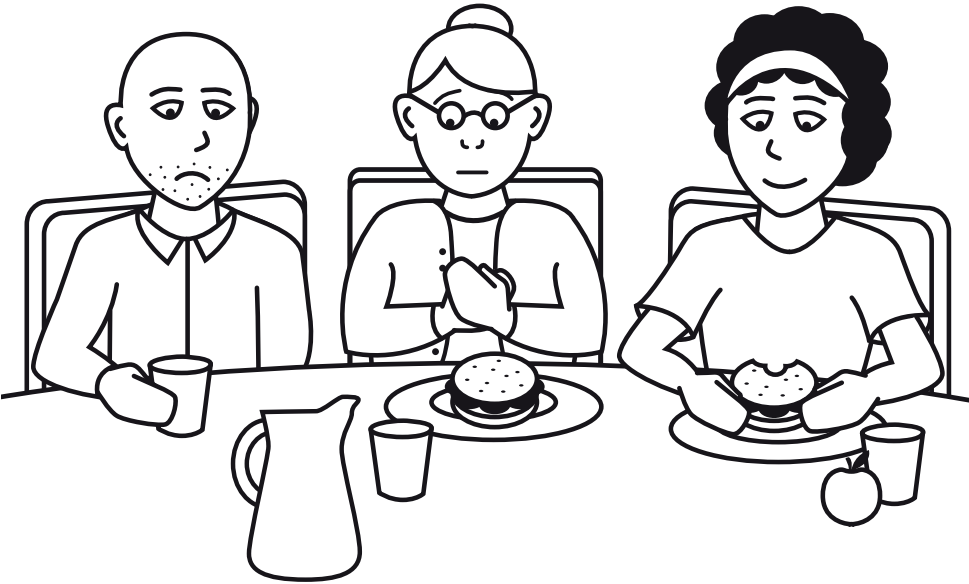

Author: Susan Guthrie, Specialist Speech and Language Therapist

How to use this book...

Use the pictures and words to help you think about eating and drinking. Talk about the different meals you have during the day, including special meals and trips out, snacks and brew times.

Is there anything you find **difficult**, **painful** or **embarrassing** when eating and drinking?

Eating and drinking is something we do every day. Mealtimes should be good times. Food and drink should be a nice experience for everybody.

Problems at mealtimes?

For some people it can be difficult to manage food or drink in the mouth and to swallow safely.

Sometimes people cough or choke on food or drink. It can feel like food or drink goes down the wrong way.

Some people have difficulty moving their tongue or chewing. It can be difficult swallowing food and drink. Some people collect food in their mouth or have food left in their throat after they have swallowed or finished a meal.

This booklet is to help you think about your eating and drinking.

Can you think what makes eating and drinking good or bad for you?

If you are worried about eating, drinking or swallowing problems you can get specialist advice from a Speech and Language Therapist.
