

**University of
Sunderland**

Patient, Carer and Public Involvement (PCPI)

Make your experience count!
Use your experience to help shape the future of healthcare professionals' education

Use your experience to help shape future healthcare
professionals' education

Opportunities for involvement include:

- Recruitment and selection
- Teaching, learning and assessment activities
- Patient, Carer and Public Involvement User Group
- Research

We are recruiting patients, carers and members of the public to become involved in the Department of Pharmacy, Health and Well-being in the education and training of future healthcare professionals. We provide training, support and we can also pay you for your time.
